

HS5/AP3 – PCNPA to revisit the last paragraph of Policy 39 to clarify that mitigation may be acceptable.	26 th July 2019	MD
---	----------------------------	----

Edits to the last paragraph of Policy 39 highlighted in green.

Activities which would damage the special qualities of the National Park will not be permitted (see also Policy 8). The potential effects of development on Natura 2000 sites will be considered in accordance with Policy 10. Proposals under this policy which might represent a threat to any sites and species of European importance will not be permitted (see Policy 10).
